BikeMaster®

Operates in any position
Twice the service life
2-year manufacturer's warranty

QUICK-REFERENCE BATTERY GUIDE

BikeMaster® and Yuasa® batteries are made using the same construction techniques. The advantage to BikeMaster® are the greatly reduced prices.

STANDARD Basic 6-Volt and 12-Volt dry batteries mostly for older applications. Dealer must add acid (acid not included) and charge before installation. May need periodic refilling. 1-year manufacturer's warranty

YUMICRON 12-Volt dry batteries for more recent applications. Dealer must add acid (acid not included) and charge before installation. Delivers up to 30% more power (cranking amps) than Standard batteries due to extra plates inside battery. May need periodic refilling. 1-year manufacturer's warranty

MAINTENANCE FREE Comes with pre-measured acid tubes that dealer easily empties into battery. Includes a seal that is then placed across top of battery to create a sealed, spill-proof battery. Never needs refilling but may need periodic charging. 1-year manufacturer's warranty

HIGH PERFORMANCE MAINTENANCE FREE Additional plates inside battery provide up to 30% more power (cranking amps) than the Yumicron battery. Dealer fills battery from included acid tubes to create a sealed, spill-proof battery. Never needs refilling. High level of power (cranking amps) possible for today's big bikes. 1-year manufacturer's warranty

FACTORY ACTIVATED HIGH PERFORMANCE MAINTENANCE FREE The simplest battery for the dealer. Battery is filled, sealed and charged at the factory. Battery is ready for installation right out of the box. Never needs refilling. 1-year manufacturer's warranty

BikeMaster® TruGel BATTERIES

Gel Electrolyte Powersports Batteries

- Has a much longer storage life on the shelf or in the bike
- Resists vibration and impacts which damage regular wet batteries
- Works better at lower and higher temperatures than a wet battery

- Won't leak like a wet battery, even if the case cracks
- Can be installed at any angle
- Has a life span that can be up to twice that of a wet battery
- Maintains contact with all of the plates, all the time, giving more cranking power and longer life
- Will not sulfate like a wet battery
- 2-year manufacturer's warranty
